

MADAMGY

My Personalized Recipe Companion

Age-aware, culture-aware, practical recipes selected for one child and one family

Aarav's Recipe Book

Breakfast • Lunch • Tiffin • Dinner • Special collections

Sample prototype | Recipes shown here demonstrate layout, not a clinical prescription

1. Why These Recipes Were Chosen

The first page should explain the personalization instead of presenting a random recipe collection.

Age & stage

Regular family-food stage with child-appropriate portions.

Culture & place

Indian household pattern with familiar grains, pulses, vegetables and dairy.

Current goals

Breakfast regularity, iron-rich choices and practical tiffin options.

Safety filter

Every displayed recipe must already have passed age/stage, allergy, ingredient mapping, clinician restriction and production-approval checks before ranking.

BREAKFAST

Familiar, practical choices with controlled variety.

Vegetable Moong Khichdi

HOME-STYLE

PROTEIN SUPPORT

EASY

LOW-COST

Ingredients

- Rice - 2 tbsp
- Yellow moong dal - 1 tbsp
- Mixed vegetables - 1/4 cup
- Ghee - 1 tsp
- Water - as required

Method

1. Wash rice and dal well.
2. Chop vegetables to the approved child-appropriate size.
3. Cook rice, dal and vegetables until completely soft.
4. Adjust texture to the child's current feeding stage.
5. Add ghee after cooking and serve at a safe temperature.

Texture & serving	Safety	Approved swap
Soft, moist; planned child serving per approved profile	Check mapped allergens; supervise eating; cool before serving	Use only substitutions cleared by the engine

Tried on	Amount accepted	Response	Parent note
_____	_____	Loved / Accepted / Partial / Refused	_____

TIFFIN

Portable recipes should be easy to scan and quick to prepare.

Paneer Vegetable Mini Roll

Portable • familiar • protein-supportive

Ingredients	Method	Serving / safety
Roti, paneer, grated vegetables, curd-based spread	Cook filling; cool slightly; spread; roll tightly; cut to safe size.	Use approved portion and texture; follow allergen rules.

Banana Oats Curd Cup

No-cook • quick • familiar

Ingredients	Method	Serving / safety
Banana, oats, plain curd, approved seed/nut option if eligible	Soften oats as required; mash banana; combine with curd; serve fresh.	Use approved portion and texture; follow allergen rules.

Special Collection: Growth-Supportive Choices

Goal-based collections reuse safe recipes; they do not make disease-treatment claims.

Recipe	Why selected	Meal fit	Practical note
Vegetable Moong Khichdi	Energy + protein-supportive profile	Lunch / dinner	Family-pot friendly
Paneer Vegetable Mini Roll	Protein-supportive portable option	Tiffin	School-friendly
Banana Oats Curd Cup	Energy-dense familiar snack	Snack	Quick preparation
Egg/alternative breakfast item	Only if eligible in profile	Breakfast	Allergen logic applies

How the engine should use collections

A recipe may appear in a meal chapter and also be indexed in a goal-based collection, but the PDF should avoid duplicating the full recipe card unnecessarily.

7-Day Rotation Example

An easy planning view built only from recipes already selected for this child.

Day	Breakfast	Lunch	Tiffin	Dinner
Mon	Recipe A	Recipe D	Recipe H	Recipe L
Tue	Recipe B	Recipe E	Recipe I	Recipe M
Wed	Recipe C	Recipe F	Recipe J	Recipe N
Thu	Recipe A	Recipe G	Recipe H	Recipe O
Fri	Recipe B	Recipe D	Recipe K	Recipe L
Sat	Recipe C	Recipe E	Recipe I	Recipe M
Sun	Family choice	Recipe F	Recipe J	Recipe N

This rotation is a planning aid. It should not conflict with the approved meal structure in Book 1.

What Worked for My Child

This makes the recipe book useful at follow-up, not disposable after one reading.

Recipe	Date	Amount	Acceptance	Reaction / practical note
Recipe 1	_____	_____	Loved / OK / Partial / Refused	_____
Recipe 2	_____	_____	Loved / OK / Partial / Refused	_____
Recipe 3	_____	_____	Loved / OK / Partial / Refused	_____
Recipe 4	_____	_____	Loved / OK / Partial / Refused	_____
Recipe 5	_____	_____	Loved / OK / Partial / Refused	_____
Recipe 6	_____	_____	Loved / OK / Partial / Refused	_____
